# BELOVED AFGHANISTAN RULER SLAIN BY ASSASSIN

## TRAITOR MURDERS NADIR SHAH GHAZI: SON SUCCEEDS HIM

### NEW IN CAPITAL SOCIETY

Mourning Nation Immediately Declares Allegiance to Son of Slain King Who Had Turbulent Reign.

BOMBAY, Nov. 9.—The assassination of the 51-year-old king of Afghanistan by a traitor was disclosed in a telegram received Wednesday at the British consulate.

"His Majesty Nadir Shah Ghazi was murdered this morning by assassination at the age of 51," the message said.

The whole nation was plunged into mourning for the beloved king and was deeply dejected. Next to a new monarch, Mohamed Zahir Shah, son of the slain ruler.

"Afghanistan is quiet internally," the telegram said.

To young Zahir, who was born in 1914, immediately his country, the daughter of Searah Ahmad Shah Khan, at the age of 14.

The late king took the throne on October 18, 1929, succeeding Amanullah Khan, who had been deposed early in 1929 because of opposition among certain Afghan tribes to his attempt to modernize the country.

After Amanullah's abdication Bacha Saka assumed power, was quickly overthrown by Nadir Shah.

#### TURBULENT REIGN

The reign of King Nadir Shah learned to be turbulent. Two other men tried to usurp the throne between the times Amanullah quit and Nadir became king.

He tried to improve agricultural and commercial methods in his kingdom, but was unable to get the support of a thin line railroad and built roads and bridges. The British helped him in this work.

During the royal visit, King Nadir Shah had to resign to that rank from comparative obscurity. He was born in Afghanistan in a village school in the small hill station of Darra.

When Amanullah made himself king he sent Nadir Shah, then an infant, to France to be educated. From France, raised an army, and recruited the government to the family.

### A CHANCE TO SQUARE MATTERS

Mr. Campbell, deputy minister of mines for Canada, says the value of gold in the Dominion is smaller than it was last year, but as the dollar price has gone up it may be worth \$90,000,000, as against \$83,000,000 for the output of 1932.

This would look like a good time for the Government to take advantage of the high gold take from the mines in this country, pay for it with new currency at a fixed price, pile it in the vaults and unload it on New York after a while, when the United States dollars are down to fifty cents.

This would be one way to get the premium. New York has been collecting from Canadian governments on debt payments made there. And a way to free Ottawa from its pet notion that our New York debts are swelling up is to make it impossible for us to manage our own currency in the interests of domestic recovery. Since New York wants gold, why not give it plenty when the price is favorable?

### ANOTHER CUSTOMER GONE

Portugal has for many years been one of Canada's best customers for wheat. Canada buys little from that country in return. In 1929 Portugal bought ten times as much from Canada as Canada bought from Portugal; and in the last five years five times as much.

Cork is one of the chief export products of Portugal. Mr. E. B. Ryckman, our minister of national revenue, has by arbitrary rulings and departmental orders increased the duty against "Portuguese cork" per cent. This has added to the action taken in the interests of one firm, the Freysang Cork Co., of Toronto. This information comes from the Financial Post, which by strict truth can be relied upon to exhibit what takes place at Regina. The notice is a year behind the times.

Interest on this debt, or \$365,000,000 in a year, before they can clear off all the profit.

A million dollars a day means ten cents for every person in Canada, or \$36.50 a year. And the ten cents has to be paid on behalf of women and children who have no money-earning power, and also on behalf of old men who have no money-earning power and are being supported from the heavily reduced earnings of their more fortunate fellows.

What it comes to is this. If we continued to pay this ten cents per head for debt for the next few years, we would have to pay at that time as much as we now owe, and would still owe exactly as much as we owe now. Plus, of course, any additional amount that we might have borrowed during the same time. As some one has remarked, "The man who invented interest was a fool."

Canada will have to get rid of this octopus of interest-bearing debt that is sucking the life blood of the country. The present generation of debt is causing capital bonds as they become capable and paying for them with legal tender money, thus stopping the interest drain. If that were done, and a five per cent sinking fund established, in twelve years the country could stand clear of debt, municipal, provincial and federal. And the bondholders would get back at once every dollar that is owing to them.

That is to say, by calling in the bonds and paying for them in sound money we would pay off the whole load in twenty years without "sinking" the taxpayers one dollar more than they will have to pay in interest alone if we leave the bonds outstanding.

### Forty Years Ago

From the Files of the Edmonton Bulletin

Mr. Warburton Pike has returned to Winnipeg from Alberta, having left Victoria a week ago on July 1st. He visited the camps now deserted except by those too poor to leave. Very little gold was cleaned up this season. Mr. Pike will be remembered as having hunted musk in the Barren Grounds north east of Great Slave Lake a few years ago.

P. F. Shaw left on Friday's train for Victoria and Southern Ontario by Mr. Shaw. Mr. Shaw had been appointed an immigration agent in the State of Washington and will work there during the winter.

S. M. Starkey D.L.S. and party arrived on Thursday from survey work east of Victoria.

A. J. Windmill to grind and then grain and to prepare powder for pump making has been erected at Winnipeg.

Notices are issued by the department of the interior purposing to give the reading of the west ordinance regarding prairie fires. The department at Ottawa evidently does not keep its eagle eye on the lightning changes in legislative enactments which take place at Regina. The notice is a year behind the times.

### THIRTY YEARS AGO

J. H. Reid arrived on Wednesday from the upper Peace River country. Mr. Reid was one of the party of six that left Agassiz in 1893 for the Klondike. On Sept. 1st, 1913, of this year the output of butter from these mountain creameries exceeded that of last year by 100,000 pounds. The increase was chiefly in Alberta.

Canada has been asked to send an exhibit to the great exhibition that is to be held in Cape Town, South Africa.

The largest sugar mill at Raymond, Alberta, has started operations.

Edmonton Conservatives yesterday tendered R. Secord M.L.A. the nomination for the House of Commons.

### TWENTY YEARS AGO

W. J. Richardson, director of technical education, has been appointed superintendent of city schools. Major Short last night presented a written report to council recommending that city auditor Mount be made comptroller, that cost engineer Bowness be engaged to draw a cost system, and that the firm of McIntosh and Hyde of Montreal be appointed city auditors.

H. Campbell appeared before the city council and offered to supply the city with gas at five cents a thousand feet two miles from the city boundary.

The Government of Alberta is seriously considering whether it should lead the Saskatchewan and establish a commission to have regulations over municipal credit.

### TEN YEARS AGO

Hon. J. E. Browne denied a persistent rumour that he would resign as the result of the vote on the liquor question.

Toronto—Dr. McLeod of the University of Toronto will share his portion of the Nobel peace prize with Dr. Collins of the University of Alberta, his co-worker in the discovery of insulin.

Premier Bennett did not march on Berlin. The child that had been fixed for their salvation. The attempt to fix the dollar rate at \$42.966,000,000 marks has failed. The government has issued a decree forbidding merchants to refuse to accept paper money. Heavy penalties are to be imposed for refusal to recognize the currency of the relief men.

If this "wage" of twenty cents a day were all the country could afford, no fault could be found with the arrangement. But it is not so simple. Many are being made to work for next to nothing, because fair board, Canada continues to pay wages "as usual" for money, on the bulk of its bonded debt paying the same rate of money-wages it paid when times were good.

There is no question of argument by which that discrimination can be justified. The wages for money should come down, and the wages for park laborers go up.

### TEN CENTS PER HEAD PER DAY

Premier Bennett places Canada's load of bonded debt, municipal, provincial and Dominion, at \$7,000,000,000. Hon. H. H. Stevens places it at \$5,600,000,000. A billion or less or less is a reasonable margin of variation in dealing with such stupendous figures.

The point of present and pressing import is that the taxpayers of the country must have to pay \$1,000,000 every day as

interest on this debt, or \$365,000,000 in a year, before they can clear off all the profit.

A million dollars a day means ten cents for every person in Canada, or \$36.50 a year. And the ten cents has to be paid on behalf of women and children who have no money-earning power, and also on behalf of old men who have no money-earning power and are being supported from the heavily reduced earnings of their more fortunate fellows.

What it comes to is this. If we continued to pay this ten cents per head for debt for the next few years, we would have to pay at that time as much as we now owe, and would still owe exactly as much as we owe now. Plus, of course, any additional amount that we might have borrowed during the same time. As some one has remarked, "The man who invented interest was a fool."

Canada will have to get rid of this octopus of interest-bearing debt that is sucking the life blood of the country. The present generation of debt is causing capital bonds as they become capable and paying for them with legal tender money, thus stopping the interest drain. If that were done, and a five per cent sinking fund established, in twelve years the country could stand clear of debt, municipal, provincial and federal. And the bondholders would get back at once every dollar that is owing to them.

That is to say, by calling in the bonds and paying for them in sound money we would pay off the whole load in twenty years without "sinking" the taxpayers one dollar more than they will have to pay in interest alone if we leave the bonds outstanding.

It is a good time for the Government to do something about the situation.

## SAYS OPINION IS FACTOR IN BANNING WAR

Dr. Alfred Zimmern Concludes Series of Lectures in City

Public opinion—the greatest factor in the prevention of war was stressed by Dr. Alfred Zimmern at the concluding lecture of a series on the "Foreign Policy of Great Britain" in Convocation Hall Wednesday.

In previous lectures Dr. Zimmern had traced previous attempts, in the form of regional arrangements, to settle international disputes at war and had shown how these arrangements had always been, and should always be, based on the premise that there was a universal, democratic control—internal, because we live in it, external, because it is the only way to prevent war.

**SYSTEM FAVERED**  
The system supported by Dr. Zimmern consisted of firm and enthusiastic support of the Kellogg Pact to prohibit war, the holding of a central meeting place at Washington, to which the delegates of all the nations would be invited, the onset of war of one nation, as far as possible, on all other nations, and as an effective means of settling disputes, a general ultimatum to all nations to impose an economic embargo on the beligerent nations exports. "It would be better to have a general ultimatum to the nation, it would only be necessary to stop buying from it," said Dr. Zimmern, foreign secretary Sir John Simon, the Archbishops of Canterbury and others noted figures with speak.

Sherriff Sir Charles Collett, Lord Mayor of London, who has called on the nation to take the oath to the great Guildhall banquet at which the Kellogg Pact was signed, said that the League of Nations must be given a chance to put an end to the world's trouble.

Tonight guests at the Guildhall will be invited to sign a document in an All-Emprise menu.

## CURRIE SHOWING IMPROVEMENT

The first step toward peace seems to lie in the efforts of the League of Nations in creating an atmosphere of mutual confidence and respect among the proposed system of international law.

"To make the right resort to war impossible," said Dr. Zimmern, "agreements would render possible the adoption of the great majority of the methods of the most peaceful way of realizing its ends," said Dr. Zimmern.

He said the responsibility of Canada in initiating and supporting this system because "the world expects leaders from the English-speaking peoples." World-wide faith, good-will and energy, the problem of international peace could be solved.

In answer to questions later Dr. Zimmern said that the problem of world peace was not so much a question of war than anything else—but that the solution lies in drawing closer together the people of the other eastern nations into a friendly concert.

### CAN GET FACTS

The first step toward the agressor's being chosen is to be accomplished through public opinion," said Dr. Zimmern. "An intelligent man can get the facts from the newspapers, he can get them from the radio."

Dr. Zimmern expressed the opinion that the Manchurian situation has not yet reached the point of a general conflagration of nations but that the next few years will bring it about if no steps are taken to a concrete expression of the disapproval of the nations.

## COAST PAYROLLS GROW LARGER

PRINCE RUPERT, B.C., Nov. 9.—An index of retail trade for the better time in British Columbia was given by Dr. G. B. Murphy, Vancouver, medical director of the Canadian Co-operation Board, in an address before a local service club yesterday.

Dr. Murphy stated for 1933 substituted payroll in British Columbia increased to \$100,000,000 compared to \$10,000,000 in 1929.

## St. Paul Addressed By Conservatives

ST. PAUL, Nov. 9.—Peter Davies, member for the federal constituency of Athabasca, and J. M. Dugan, of Edmonton, were the speakers attending at St. Paul this week. Mr. Davies labored to show the achievements of the government while Mr. Dugan criticized the Brownlee administration.

Mr. Davies' speech was a series of meetings throughout the district.

## Vancouver Opens Charitable Drive

VANCOUVER, Nov. 9.—The Vancouver Welfare Association campaign reported first day collections of \$40,000, slightly above the record set last year.

The latest of the "How big is your heart?" appeal is \$200,000 for the maintenance of 41 social services agencies.

## Community Leagues Hold Annual Meet At Eight Tonight

The annual general meeting of the Central Federation of Community Leagues will be held tomorrow at a national hall in the Civic Block at 8 p.m.

The first business will be the election of a new executive committee. A proposal by which the council would absorb the Chamber of Deputies, the League of Women Voters, and by which the government would have a greater guild and less for the community leagues, was one of the subjects under discussion during the remainder of the session which is expected to last until Saturday.

The project was advanced by Fred Maslin, president of the Community Council.

Mr. Maslin said that the proposal had been submitted to the government for their consideration. As these proposals have for their object the remodeling of the political structure, it is expected that there will be a large attendance.

## THEY KNOW 'NO' AND VOTED SO

NEW CALIFORNIA, Pa., Nov. 9.—They know "no" and they voted it in New California. The town voted again against repeal, against the state and against Sunday sports.

## LONDON GIVEN MAYORAL SHOW

LONDON, Nov. 9.—London was treated to a curtailled Londoner's Day celebration at the great Guildhall banquet at which the delegates of all the nations were invited to partake of the onset of war of one nation, and as an effective means of settling disputes, a general ultimatum to all nations to impose an economic embargo on the beligerent nations.

The corporation of category one, the largest branch of industry, transportation, commerce and agriculture, was invited to the conference because of the reason because of the fact that Premier Musolini would disclose plans to the League of Nations. In an interview early last month Mussolini said it was necessary to end the old idea of liberal capitalism.

Hitler Ballots Go To Floating Atlantic Airport

BERLIN, Nov. 9.—The crew of the steamship Westphalia arranged for Hitler balloting to be held as a motherhood for planes will vote Sunday as Chancellor Hitler's birthday approaches.

Ballots have been rubbed by air to prevent the paper from getting too soggy with normal traffic.

Tonight guests at the Guildhall will be invited to sign a document in an All-Emprise menu.

## Moderne Showing Improvement

MONTRÉAL, Nov. 9.—Evidence of improvement was shown last night at the opening of the Arthur Currie Club and view chamber of McGill University, an offshoot of the Royal Victoria Hospital.

A brief bulletin, signed by four prominent men, was issued.

In the Fatherland the word "peace" is on everybody's lips, from the Hitlerites to the strongest storm troop recruit.

World has gone to Hitler to know that Germany desires nothing but peace and equality.

The long marching column of storm troopers, steel helmets on their heads, will be examined as manifestations solely of their unity and discipline, and of the determination to keep down communism.

## French Air Fleet On Trip To Africa

ISTRES, France, Nov. 9.—Sixty carefully-chosen French aviators in three groups of twenty each will fly on a flight they hope will take them 15,522 miles to French Africa, starting from here on November 10.

It was announced no further bulletins will be issued during the next nine months.

Arthur, commander-in-chief of the air force, said the trip had suffered "A blockage in the mid-brain, without any loss of any of the higher centers."

## Challenge Council To Jobless Debate

MONTREAL, Nov. 9.—A letter from the Montreal Jobless Debating Council has received and filed a letter to the Workers' Committee fathers to public debate on alleged discrimination against unemployed men.

Earlier in the day it was reported Sir Arthur, commander-in-chief of the air force, had suffered "A blockage in the mid-brain, without any loss of any of the higher centers."

The trip, expected to take a month during which tropical rains and windstorms are prevalent over the African continent, will cover 22 stages of about 375 to 500 miles each.

The armada arrived at Cartagena, Spain late Wednesday. One plane was damaged in landing and the pilots were slightly injured. The other planes will take off today.

The hardest and most dangerous stages may be those over the Sahara wastes, often swept by sandstorms.

## Such Is Life—By Walt Munson

# Rome Reshaping Fascism

## CORPORATIVE STRUCTURE TO GET NEW FORM

### Duce Presides at National Council of Corporations Conclave

ROME, Nov. 9.—A fundamental reshaping of the corporate structure of the state was undertaken at a national council of corporations meeting Wednesday over dinner.

The first business will be the adoption of a code of ethics for the members of the council.

As these proposals have for their object the remodeling of the political structure, it is expected that there will be a large attendance.

The project was advanced by Fred Maslin, president of the Community Council.

Mr. Maslin was the only one to move a motion to allow the Chamber of Deputies to sit.

On a motion that legislative powers in economic matters be given to the corporations council, a speech was made.

It was voted that Mussolini be given a seat on the council.

The corporations council of category one, the largest branch of industry, transportation, commerce and agriculture, was invited to the conference because of the reason because of the fact that Premier Mussolini would disclose plans to the League of Nations.

During the first half of 1933, 70,642,393 passenger miles, a passenger mile equaling one passenger flown one mile.

During the first half of 1933, 109,476,200 ton-miles, a ton-mile equaling one ton of sugar when it comes to sweetening.

## German Children Learn War Tricks

Here is a picture that simply verifies the pronouncement from Hermann Goering, Hitler's right-hand man, that Germany was expecting attack from the air "momentarily." It shows a government officer illustrating the proper use of gas masks. They are even entering a cellar. All citizens and Hitler's planes in Berlin are to be fitted with the gas mask.

# R. B. Bennett Administration "Most Disastrous"

Hon. Charles Stewart Scores Insane Policy Present Government

JAMES MILLER  
LIBERAL HEAD

James Miller, of Whitecourt, was elected president of the recently created Edmonton Liberal Association, at its organizational meeting held on Wednesday at the Canadian Legion Club rooms, McLeod building.

Five vice presidents were elected: Mr. H. W. Thompson, R. D. B. Thompson; Frederick Thurston, Barrister; A. Switzer, Edmonton; Mr. H. W. Williams, and Peter Kowakian of Bon Accord; Mr. L. C. Lyon, W. L. MacKenzie, King, P. C., K. C., and Mr. J. E. McLeod, president.

The honorary first vice-president was Hon. Charles Stewart, M.L.A., a prominent Liberal leader, and Hon. Charlie Stewart, who was appointed senator, second vice-president.

Members of the resolution committee included: Frank McMurphy, T. Knott Gibbons, Nellie V. Buchanan, Lac Ste. Anne; William Powell, Stony Plain; Fred Thursby, Barhead and Mr. Laycock, Edmonton.

Many Albian villages have sprung a scarcity of water which pump handles are put up high so that they will be out of the reach of children.

#### Emergent Meeting

An emergency meeting of the Edmonton No. 11 will be held in the Masonic Temple, 1020 10th Avenue, on Friday, Nov. 10, at 7:30 p.m. to protest the attitude of the former Sir George H. McMillan.

An invitation is extended to all brothers of Sister Lodge.

F. PEPPER, W.M.  
C. C. WRIGHT, Secy.

West Edmonton M.P. Declares in Accepting Jasper-Edson Riding Nomination, it Was Important Country Accept Liberal Principle of Equal Rights to All and Special Privileges to None.

Chairmaning the Bennett administration as the "most disastrous" in the history of Canada and contending that the variation in policies of the government in the last three years was the "reversal of the Conservative principles," Hon. Charlie Stewart, M.P., of West Edmonton, accepted the nomination of the re-nominated agricultural school being used as a wing of the Ponoka mental hospital.

Mr. Stewart's address came after he had been unsuccessfully tried to represent both urban and rural sections with equal fidelity.

But I feel my prime duty is toward the people residing on the prairies, and I am particularly associated with their problems during my 10 years residence in the west," he said.

**TRIBUTES TO LEADERS**

Whole-hearted tribute was paid by Hon. Mr. Stewart to Hon. W. R. Howson, M.L.A., provincial Librarian.

"In the Dominion is so well equipped to lead the Liberal cause as Mr. King," he said. "King is the only man in 100 years when times were hard and when men were poor, who has shown that leadership brought Canada out of the depths of despair and gave Canadians their most

profound happiness."

**CHARLIE O'NEIL  
MAY JOIN TIGERS**

CALGARY, Nov. 9.—Ralph Blyth, coach battered forward of Calgary Tigers, was given a rest yesterday by his doctor, Dr. W. G. Willis, Manager. Duke Keats last night announced with the announcement that none other than Ty Arbour would be en route to the city Saturday morning to join him in Waubinium, Ontario, to join the Eskimos.

Ty is a member of one of the greatest forward line combinations that ever played on a Western football field. He has been a famous scoring tyke—Keate—Gates—Keats—Ty—who carried Eskimos to a Western Canadian Football League championship and a Stanley Cup play-off with the old Ottawa Senators.

CHARLIE CHICAGO: Charlie Chicago, who was the Western Canadas' leading back-up, Arbour, with the rest of the stars, was sold down East. He has been a star with the Eskimos fans and starred with them for a number of seasons, earning the popularity of the B.C. public for many years. He became a holdout with the Hawks and was then sold and signed by the Eskimos.

Arbour, a player who has had in the best of condition, Ty has been a champion fullback all summer and again has won him an offer to rejoin the Eskimos. He accepted this former favorite of local fandom for a \$1,000 a month fee. Arthur, Ont., was nominated by the Eskimos.

He will leave Waubinium today and is expected to report on Saturday.

#### GIGNE HERE TONIGHT

Gigne will reach the city this evening. The fiery defensives from Regina will run out with the Eskimos last night for his first piping.

Edith Steele again worked with the club and was going in good shape.

#### Welch, Newton Cup Candidates

MONTREAL, Nov. 9.—Huey Welch, kicking halfback and Louie Newton, fullback, were selected 400-yard man, was named by the Manitoba branch. Lynn and Mulligan, the two brothers of the Victoria Blue Bombers, were also suggested by the British Columbia branch.

The amended bylaw governing the award of the trophy, in memory of the late George E. C. Moore, secretary of the Union, provides that men and women athletes shall be eligible to receive the award shall be made "for outstanding achievement in amateur sport and sportsmanship and the services rendered to the Union." The award shall be awarded to athletes controlled by the A.A.U. of C.

All nominations for the award must be submitted to the Union by January 1, 1934, and the award will be given at the annual meeting and all expenses incurred in connection with the awarding of the trophy.

Performance and sportsmanship shall be the factors in making the award.

#### BALL IS NOMINATED

JAMES A. "Jimmie" Ball of Winnipeg, the 1932 Olympic hammer thrower, was selected 400-yard man, was named by the Manitoba branch. Lynn and Mulligan, the two brothers of the Victoria Blue Bombers, were also suggested by the British Columbia branch.

# TY ARBOUR RETURNS TO EDMONTON HOCKEY

## FORMER ACE OF OLD ESKS COMES HERE

Was Chicago Blackhawks Captain Just Two Seas.

Tom Agar

A bit of home late gave a former Edmonton star back to the scenes of some of his greatest triumphs this winter.

Making preparations for the opening of the Northwest League, Tom Agar, Captain, Manager, Duke Keats last night announced with the announcement that none other than Ty Arbour would be en route to the city Saturday morning to join the Eskimos.

Ty is a member of one of the greatest forward line combinations that ever played on a Western football field. He was a favorite of many a fan, scoring tyke—Keate—Gates—Keats—Ty—who carried Eskimos to a Western Canadian Football League championship and a Stanley Cup play-off with the old Ottawa Senators.

## Arizmendi Wins Over Eddie Shea

LOS ANGELES, Nov. 9.—Roy P. Will, one of the typically energetic young men, Baby Arizmendi, fast-moving lightweight of Mexico City, hammed and roared his way to victory over veteran Eddie Shea of Chicago in their second fight here last night. Each fighter weighed 125 pounds.

Another fighter came close to taking the crown, although the Baby appeared to have Shea torturing torture, but the latter took a quick break, took a few deep breaths, and broke loose with his windmill attack.

NOMINATE FIVE ATHLETES FOR CROWE AWARD

#### Leslie Submits Motion To Amend By-Law Covering Award

WINNIPEG, Nov. 9.—Five nominations for the Norton H. Crowe trophy have been submitted formally to the Amateur Athletic Union of Canada for consideration at its annual meeting here Nov. 10, 17 and 18.

Announcing submission of a nomination from the secretary, John Leslie of Edmonton, to amend the by-laws of the AAU, James I. Morkin, a director of the A.A.U. of C. Wednesday issued the word of the five athletes nominated.

David Wilson, president of the Montréal Club, Toronto, and holder of marathon titles and Canada's leading long-distance runner, was named by the Canadian branch of the Victoria Blue Bombers. The team was suggested by the British Columbia branch.

The amended bylaw governing the award of the trophy, in memory of the late George E. C. Moore, secretary of the Union, provides that men and women athletes shall be eligible to receive the award shall be made "for outstanding achievement in amateur sport and sportsmanship and the services rendered to the Union." # MARCONI

The Greatest Name in Radio

Presents Advanced New Models . . . Giving Even Greater Value and Performance Than Ever Before

Creations of the engineering genius of the Father of Radio and his world-wide organization . . . superb in performance; low in price; outstanding in value . . . three great Marconi models challenge comparison. The makers say you will find Marconi superior beyond comparison. In sensitivity and selectivity in range and power; in beauty and fidelity of tone; in fineness of engineering construction; in all-round performance;

in dollar-for-dollar value each Marconi stands supreme in its price class. Marconi Receivers are BUILT FOR THE FUTURE. They will not be obsolete a year or two years hence because, in order to fit all the trend and newest basic principles of modern radio, they incorporate many "future" features developed by and available only to Marconi.

A Marconi Receiver is a radio INVESTMENT. Models 36-AW, 35- and 36-AW are now on display at EATON'S.
